BANKCOIN.global
WHITE PAPER
SEE 1.6

BANKCOIN.global is a new concept in cryptocurrency and digital assets on the internet cloud with highest security standards in a very intuitive platform that allows users have a nice navigation experience at the site.

The world market is showing signals of accelerated growing in the cryptocurrency demand where commercial and financial brands are starting to test the concept and are slowly moving as a payment method, using the "blockchain" technology.

The commercialization of goods and services using cryptocurrency represents a great market opportunity because it is not well attended, BANKCOIN.global has developed a group of products based on the necessities of people who like the e-commerce, developing a platform with the follow attributes:

- Security
- Speed

- Easy to use
- Scalability
- Focus on client
- Integration with other business

The core business of BANKCOIN.global will be to exchange, transfer and the reception of cryptocurrency and digital assets.

In a second phase, we intend to interconnect the platform with the traditional banking system by the issuance of international debit cards with the BANKCOIN.global brand, which will be issued in dollars, euros and UK pounds at the beginning, and may obtain physical cards (personalized plastic) or virtual, that can be used in the 3 millions of automated teller machines (ATM) user will also be able to pay at the over 28 million sale points around the world; we will also develop our own ATMs to expand the range of our services.

The third phase will be to develop BANKCOIN.global point of sale software for businesses, that will allow the exchange of crypto currency as well as the integration with other payment platforms worldwide and asset trade systems we plan to interconnect the platform with new projects of entrepreneurs.

The fourth phase includes the development of a proprietary “*blockchain*” and the design of a platform to offer financial services for its implementation in traditional banks and financial institutions of any country, as well as the establishment and the impulse of new projects based on the *blockchain*.

The BANKCOIN.global exchange platform will be developed from zero yet it will support the needs of our customers by integrating connection to different blockchains and projects, with a solid and committed team, so it will ensure compliance with industry standards.

Continuous improvement will be the guide in which we will work on a permanent basis, so that the monitoring of our operations in each area will be indispensable, looking for possible points of improvement and following strict protocols, documentation and quality control.

Our main policy is our commitment to the customer and the technical efficiency based on the speed and security of our operations.

Mission

Be a global high technology company that provides services for the exchange of electronic currencies and digital assets with the highest standards of safety and high guidance the customer.

Vision

For the year 2020 become one of top 5 cryptocurrency exchange companies in the world.

Slogan

Your money, your world.

Objective

Being a company with a global, competitive and solid presence in the international market, based on the use of electronic currencies.

Brand values

- Responsibility
- Professionalism
- Security
- Integrity
- Continuous improvement
- Innovation

BUSINESS PORTFOLIO

BANKCOIN.global is launched to the market with a dynamic business proposition, offering *tokens* for using the platform sale called "Bankoins". The distinctive sign of the Bankoins will be "B @"

The Bankoins will be used to perform transactions on the platform, as well as to be exchanged, sheltered or transferred for e-commerce from portfolios based on platforms NEXT, Waves and Mycelium at the beginning.

In total B @ 100,000,000 will be issued at a 4-year period as follows:

Period	Emission	Distribution
First year	B @ 25,000,000	ICO * and investors
Second year	B @ 25,000,000	ICO * and investors
Third year	B @ 25,000,000	ICO * and investors
Fourth year	B @ 25,000,000	ICO * and investors
Total	B @ 100,000,000	

* ICO (Initial Coin Offering). Refers to the initial sale of electronic currencies.

The ICO (Initial Coin Offering) will be carried out as part of a campaign of public financing (*crowdfunding*). The resources obtained will be used for platform and development of new services in the various stages of the project.

10% of the total profit generated by BANKCOIN.global will be reinvested to the bankoins value.

Dates for the ICO are:

Period	Start	End
First year	November 5, 2016	December 19, 2016
Second year	November 5, 2017	December 19, 2017
Third year	November 5, 2018	December 19, 2018
Fourth year	November 5, 2019	December 19, 2019

Bankoins will be POS (Proof of Stake) which means "Proof of participation", which is a method to ensure a network of a cryptocurrency by the request to the user of a proof of possession of a certain amount of it.

- Deposits will be controlled by a smart contract from Ethereum.

- Deposits collated by a public University (Universidad Autónoma de Baja California Sur at www.uabcs.mx). The University will collect all deposits from crowdfunding on a central system and will present the daily reports in the period of the ICO.
- A public notary will attest that platform starts in zero, and will inform and attest again the results that the University presents at the end of the ICO.

Distribution

Period	Emission	Sale by ICO	Investors	Operation and platform
First year	B @ 25,000,000	B @ 18,000,000	B @ 5,000,000	B @ 2,000,000
Second year	B @ 25,000,000	B @ 18,000,000	B @ 4,000,000	B @ 3,000,000
Third year	B @ 25,000,000	B @ 18,000,000	B @ 4,000,000	B @ 3,000,000
Fourth year	B @ 25,000,000	B @ 18,000,000	B @ 5,000,000	B @ 2,000,000
Total	B @ 100,000,000	B @ 72,000,000	B @ 18,000,000	B @ 10,000,000

The ICO is designed to accept deposits in multiple electronic currencies:

- BITCOIN
- LITECOIN
- ETHEREUM
- WAVES
- NEXT

- MONERO

Moreover, a cooperation agreement will be made in October 2016 with an association to accept deposits in pesos and U.S. dollars; the received deposits will be converted Bitcoins to assign the corresponding bankcoins.

The person that deposits in pesos or dollars to the ICO accounts, it is required to send a copy of the deposit to the e-mail support@bankcoin.global; the assignment of the amount will take 48 business hours. In case of a deposit at the end of ICO, you will be welcomed if it is prior to the deadline.

The balance of the account of each investor will be updated in Bitcoins after 2 confirmations of each blockchain of the deposited cryptocurrency. In the case of support required please email: support@bankcoin.global

The ICO will have a regressive counter to find out how long it takes to its opening, and after its inception the date of closure. It is also the following table of discounts that apply in the ICO each year:

Period	Discount
First hour	25%
First three days	20%
First week	15%
First half	10%
First month	5%
Rest of the ICO	0%

It may provide more information on the progress of the ICO in our social networks of BANKCOIN.global:
